

WORKSHOP

on Noninvasive Fetal Antigen Genotyping

Time 7 May, 14-17.00 (2-5pm)

Place To be announced.

A Special Discussion Workshop on Noninvasive Fetal Antigen Genotyping will take place on the 7th of May 2025.

The aim of the workshop is to connect with colleagues from the field and share knowledge. The workshop will be interactive, participants can discuss topics of interest in smaller groups. The groups will present a short summary of the main points discussed.

Each group will have the opportunity to choose two different topics to discuss from the following selection:

- Fetal *RHD* genotyping
- Fetal blood group genotyping (other than *RHD*)
- "How to comply with IVDR- change from in-house to commercial kit"
- Recent technologies used for fetal blood group typing

If you have an exciting case about noninvasive fetal antigen genotyping, that you would like to present briefly at the beginning of the workshop or another topic that you would like to discuss, please e-mail to

Dr. Christine Henny, christine.henny@itransfusion.ch.

Looking forward to seeing you all for an inspiring afternoon,

Christine Henny
